

You have already been involved with controlling fraud in your career as an accountant, human resource professional, auditor, security professional, or manager, but are now ready to base your career in fraud control. Your experience in the field is an important component of your value to an employer. But experience just isn't enough. Employers need something quantifiable and verifiable to show them you have the expertise they need. Earning the CFCP<sup>™</sup> certification will give you the credential and proof of expertise today's employers require.

The CFCP<sup>™</sup> certification is available to qualified candidates who:

1. **Are a member of CIS in good standing.** If you are not already an Associate member of the CIS certification student body, you must first become a member to pursue the CFCP credential. You can register for membership online at [www.certifiedinfosec.com/certification-programs/becoming-a-member](http://www.certifiedinfosec.com/certification-programs/becoming-a-member).
2. **Attend the required CIS approved curriculum courses.** Learn more at [www.certifiedinfosec.com/fraud-control-certifications/certification-training](http://www.certifiedinfosec.com/fraud-control-certifications/certification-training).
3. **Pass the CFCP Exams.**  
For CFCP certification by CIS, candidates must pass CIS online exams FC101 and FC102. CIS exams are administered online and can be taken at your convenience at your home or work through the **CIS Learning Center**, where your progress and score are monitored and recorded centrally. Your exam results are provided to you automatically upon completion of your exam.
4. **Submit your professional endorsements and proof of required professional experience.**  
CFCP Candidate Endorsement Forms are included within this kit. Current experience requirements can be viewed online at [www.certifiedinfosec.com/fraud-control-certifications/qualified-experience](http://www.certifiedinfosec.com/fraud-control-certifications/qualified-experience).

**Submit this application kit including three completed CIS Candidate Endorsement Forms and your professional résumé / curriculum vitae** to the Certification Department at CIS Headquarters. Your completed documentation can be mailed, transmitted by facsimile, or e-mailed to:

Certified Information Security  
ATTN: Certification Department  
1004 Green Pine Circle  
Orange Park, FL 32065 USA  
Fax: +1(786) 522-9063  
E-mail: [certification@certifiedinfosec.com](mailto:certification@certifiedinfosec.com)

You will officially become certified (certificated) once your exam results and required documentation are validated and approved by the certification committee. Your certification kit will be mailed to you at the address you provided when setting up your online account at our [online learning center](#) or [online training and certification store](#). Those who have achieved a CIS credential will be invoiced for certification renewal annual maintenance fees upon annual membership renewal.

## INSTRUCTIONS

### For the Candidate

- Three completed endorsement forms must be completed by people whom you have worked with, and whom can attest to your experience, skills, and character.
- The completed forms must be submitted with your proof of required experience.

### For the Endorser

- You should have sufficient previous experience in working with the candidate to be able to provide a well-founded opinion of the candidate's experience, skills, and character.
- Please complete and return the form to the candidate for submission to Certified Information Security.
