

Certification Application Kit

Building upon the foundation understanding of the ISO 27005 risk management framework validated by the Certified Internal Controls Risk Analyst credential, the Certified Internal Controls Architect (CICA) certification by CIS certifies your ability to develop the formal structure, governance, and policy of an ISO 27001 conforming Information Security Management System (ISMS). Furthermore, the CICA certification ensures that you are qualified to develop strategic objectives according to core ISO 27001, 27002, 27003, and 27005 best practices.

Upon completion of this training and certificate program, you will:

- be equipped with knowledge and skills required to design and manage Information Security Management Systems (ISMS) against the ISMS standards;
- expand your information security management competency;
- increase your credibility through gaining international recognition; and
- improve your résumé and help to increase your earning potential.

The CICA™ certification is available to qualified candidates who:

1. **Are a member of CIS in good standing.** If you are not already an Associate member of the CIS certification student body, you must first become a member to pursue the CICA credential. Please see <https://www.certifiedinfosec.com/estore/cis-membership/cis-body-of-certified-professionals-detail> for further details.
2. **Attend the required CIS approved curriculum courses.** Seminars may be attended at **live instructor-led sessions**, **online**, or a combination of both.
 - CIS Policy Workshop: *ISO 31000 Enterprise Risk Management*
 - CIS Policy Workshop: *ISO 27001 Information Security Management*
3. **Pass the CICA Exams.**
For CICA certification by CIS, candidates must pass CIS online exams RM101, ISMS101, and ISMS102. CIS exams are administered online and can be taken at your convenience at your home or work through the CIS Learning Center, where your progress and score are monitored and recorded centrally. Your exam results are provided to you automatically upon completion of your exam.
4. **Submit this application kit to the Certification Department at certification@certifiedinfosec.com**
